WORK EXPERIENCE

CEO & FOUNDER
Collegefunde

06/2016 – 12/2016   *Greater Noida*

Collegefunde was a food delivery platform that used to provide instant food delivery to customers.

Achievements/Tasks

- I worked at collegefunde as CEO & FOUNDER.I had to manage the technical part and all operations related to the company.

INTERNSHIPS

Fella Homes (06/2016 – 06/2016)
I have done this internship when this Gurgaon based startup was planning to expand in Greater Noida. I have worked for 25 days with this company. Inspiring from that I left and founded my own Night food delivery company Collegefunde in Greater Noida

Eduarena (01/2016 – 03/2016)
I have done the internship with Eduarena where I used WordPress to Complete the project. It was a great experience that inspired me to learn web development.

- Computer Science

XII (Senior Secondary), Science
S V M Inter College Pratapgarh UP

2013 – 2015   *90%*

X (Secondary)
S V M Inter College Pratapgarh UP

2011 – 2013   *78.66%*

SKILLS

C++ NodeJS MongoDB mySql Bootstrap

Materializecss expressJS Github Javascript

Wordpress HTML CSS Linux O.S

Data structures Algorithms

PROJECTS

SVNOTES.IN (02/2018 – 02/2018) ↗
I have developed this website svnotes.in for my college students where students can log in and share their handwritten notes. I have used PassportJS for authentication, MongoDB as database and materializecss as styling framework .

NodeJS URL Shortener (02/2018 – 02/2018) ↗
Created this Project Url shortener with the help of Nodejs and MongoDB as database and EJS as templating engine. I have used hasha module and very simple algorithm to hash the long URL.

NodeJS ecommerce Website with mongoDB (12/2017 – 01/2018) ↗
Created this E-commerce website with the help of NodeJS and MongoDB as database and EJS as templating engine. This project is currently in development, adding all the stuff like payment systems and all

GoDiary (01/2018 – 01/2018) ↗
I have developed this simple diary app to note down important stuff on the internet. I just did it to practice local authentication with passportJS. I have used bootstrap as styling framework and mongoDB as the database to store the Notes.
